

XV SIEFLAS
IV BUDO CONGRESS
17, 18 E 19 DE JUNHO, CASTELO BRANCO, PORTUGAL
PROGRAMA FINAL DE COMUNICAÇÕES / POSTERS

Dia 17 de Junho – 11h20 às 13h

Sala 2 Comunicações	Sala 3 Comunicações	Sala 4 Comunicações	Sala 5 Comunicações	Sala 6 Comunicações	Sala Experiências Pedagógicas Comunicações
142 What do students think in physical education? Paulo Pereira, Fátima Bento, Fernando Santos and António Cardoso	27 Short-term effects of myofascial release on isometric knee extensors strength Pedro Carvalho, Miguel Morais, Albert Dos Santos and Carolina Vila-Chã	19 Ethical issues on military physical conditioning Manuel Coge and Dulce Esteves	55 Insights on a successful research-to-practice partnership with Matosinhos City Hall: The case of Surfing in Schools Fernando Santos, Corliss Bean, Nuno Azevedo, António Cardoso, Paulo Pereira and Hugo Cruz	74 Is low volume HIIT enough to induce changes in oxygen uptake kinetics? Dália Curto, Rita Pinto, Mario Espada, Jorge Infante, Francisco B. Alves and Joana F. Reis	41 Principal complaints and reference to spine pain in young tennis players during a tournament: data from massage therapy care Livia Gasparotto, Claudia Bontorin, Guilherme Gasparotto, Marta Souza and Célia Araújo
54 Vivências de bullying no ensino obrigatório e percursos escolares Amália Rebolo and Beatriz Pereira	111 Perceived barriers and physical activity levels in older adults: the role of education. Cláudia Vaz, Nuno Serra, Ermelinda Marques, Agostinha Corte and Carolina Vila-Chã	112 Supervised vs. non-supervised physical activity: the impact on functional fitness in older adults. Cláudia Vaz, Vitor Rezende, Nuno Serra, Ermelinda Marques, Maria Fonseca and Carolina Vila-Chã	122 Orienteering sport and environmental education: a theoretical review Allana Scopel	75 Warm-up kinematics influence 30m sprint performance Maria Helena Gil, Henrique Pereira Neiva, António Carlos Sousa, Luís Brandão Fail, Pedro Pombo Neves, Mário Cardoso Marques and Daniel Almeida Marinho	167 Prevalence of Methicillin - Resistant Staphylococcus Aureus in Students of Higher Education Francisco José Rodrigues, Patricia Coelho and Sónia Mateus
96 Bullying among medical students: integrative literature review Fernanda Natal Alves, Carolina Milhim Barcellos, Priscilla dos Reis Oliveira, Lilian Cristina Gomes Nascimento, Beatriz Pereira, Marta Angélica Iossi Silva and Jorge Luiz da Silva	136 Push-ups with hands or feet on unstable surface: Does it affects muscle activation and ground reaction forces? Andreia Nicolau, Luis Ribeiro, Filipe Conceição, Pedro Fonseca, Nuno Serra and Carolina Vila-Chã	105 The importance of workplace health management in the context of skills shortage in small and medium-sized companies Luísa Hente, Alexander Hodeck and Torsten Schlesinger	129 Sports attitudes of young people practicing orienteering: the influence of the additional practice of another sport Tadeu Ferreira De Celestino, Hugo Sarmento, Artur Santos and Antonino Pereira	172 Peripheral arterial systolic-diastolic velocities in athletes and non-athletes by Doppler ultrasound Sónia Mateus, Patrícia Coelho and Rodrigues Francisco	168 Risk Factors and Arterial Hypertension Francisco José Rodrigues, Patricia Coelho and Sónia Mateus
63 Primary children's moral judgements in physical activities Nicolás Bores, Ana Escudero, María Rodríguez and Alfonso García-Monge	158 Postural stability and handgrip strength in the older adults: differences between fallers and non-fallers Carolina Vila-Chã, Cláudia Vaz, Ermelinda Marques, Agostinha Corte and Nuno Serra	170 Excess Weight and Obesity in a Region of the Interior of Portugal Patricia Coelho, Francisco José Rodrigues and Sónia Mateus	176 Motivations for the Practice of Adventure and Nature Physical Activities on Young People Nuno Silva, Marco Batista, António Faustino, Afonso Lercas and João Petrica	137 Correlation between Vertical Stiffness and Agility Performance in sport students Pedro Duarte-Mendes, Rui Paulo, Dineia A. Lucas, Carolina Libório, João P. Afonso, João Rocha, Samuel Honório and Marco Batista	50 Evaluation of urinary protein and creatinine concentration in athletes after high-performance physical exercise Ana Sofia Tavares, Carina Ladeira, João Quintão, Maria Luís, Miguel Pereira and Renato Abreu
98 Bullying victimization and family interactions of Brazilian students: A mixed study Wanderlei Abadio de Oliveira, Jorge Luiz da Silva, Liandra Aparecida Orlando Caetano, Marcela Almeida Zequinão, Manoel Antônio dos Santos, Simona Carla Silvia Caravita and Marta Angélica Iossi Silva	72 Influence of the Full Squat on Short Sprint Performance in Young Adults António Carlos Sousa, Daniel Almeida Marinho, Maria Helena Gil, Ana Ruivo Alves, Luís Brandão Fail, Pedro Pombo Neves, Henrique Pereira Neiva and Mário Cardoso Marques	23 Nutritional knowledge and eating attitudes and habits in Higher Education Regina Alves	5 Comparison of motivational factors for the practice of exercise at gyms and nature and adventure sports Roberta Frontini, António Brandão, Maria Monteiro, Rogério Salvador, Daniel Fernandes and Filipe Manuel Clemente	171 Venous insufficiency and sedentary job activity Sónia Mateus, Patrícia Coelho and Rodrigues Francisco	
100 The (In)discipline Playtherapy as prevention Bruno Trindade, Ricardo Pocinho, João Serrano and Rui Paulo	12 Is running kinematics of university trained students changed by hypertrophy training? A pilot study Pedro Carvalho, Miguel Morais and Mário J. Costa	35 Association between the level of physical activity and interpersonal relationships in children Thiago Rogel, Daniella Medeiros, Paulo Oliveira and Beatriz Pereira	94 In-season internal training load quantification of an under-17 European male soccer team: Starters versus Non-starters Rafael Franco Soares Oliveira, João Brito and Alexandre Martins	169 The Importance of the Electrocardiogram in the Competitive Pre-Period Patrícia Coelho, Francisco José Rodrigues and Sónia Matilde Mateus	
	138 The influence of intervention programs on the low physical fitness of adolescents Jéssica Barbosa and Fernando Vieira				

Sala 2 Comunicações	Sala 3 Comunicações	Sala 4 Comunicações	Sala 5 Comunicações	Sala Experiências Pedagógicas Posters
162 Fine Motor Skills: An emergent competence in preschool age Linda Maria Saraiva, Fernando Santos, Pedro Gil-Madrona and César Sá	30 Pedagogical model for teaching combat sports in Physical Education class: presentation of partial results. Daniella Medeiros, Thiago Rogel and Luiz Dantas	101 Students' opinion on Physical Education and School: an association with academic performance Helder Lopes, Élvio Gouveia, Adilson Marques, Bruna Gouveia, Catarina Fernando, João Prudente, Ana Correia, Ricardo Alves and Ana Rodrigues	11 Differences between gender and population groups, motivational variables and healthy lifestyles. Marta Leyton Román, Marco Alexandre Silva Batista and Ruth Jiménez Castuera	32 Frequency of sports participation, body image satisfaction and psychological well-being: Gender differences among vocational students Helder Fernandes and Luís Almeida
99 Habitual physical activity patterns of pre-school children from Braga Pedro Magalhães, Eduarda Coelho, Pedro Forte and Catarina Vasques	52 Sociological analysis of three dual combat practices in Portugal: the case study of aikido, judo and wrestling Vitor Rosa	102 Personal Social Physical Education (PSPE) – Educação física Local, Nacional, Global e Planetária Luís Goncalves	57 Gender differences in psychosocial benefits of physical activity and sports participation in youth Henrique Costa and Helder Fernandes	70 Relationship between physical education, school satisfaction, psychological well-being and academic achievement in vocational students Luís Almeida and Helder Fernandes
139 Parental involvement in health promotion programs during pre-school aged children: a systematic review Anabela Reis, Teresa Vilaça and Rafaela Rosário	79 The Educative Role of Judo in first-cycle primary school children - Parents' opinion based on focus group André Luis Aroni, Afonso Antonio Machado, Antonio Rui Gomes, Samuel Honório, Jorge Santos and Marco Batista	107 Social and Personal Skills in Physical Education: teachers and students' perception about an intervention program Ricardo Alves, Ana Rodrigues, Hélio Antunes, Ana Luísa Correia, Élvio Gouveia and Helder Lopes	121 How well do muscular strength and endurance predict cognitive function in youth? Ana Correia, Élvio Gouveia, Adilson Marques, Bruna Gouveia, Ana Rodrigues, Ricardo Alves, Hélder Lopes, Matthias Kliegel and Andreas Ilhe	33 Analysis of physical-sport motivations in adolescents according to gender, age and BMI. Antonio David Agraso-Lopez, Jose Enrique Moral-Garcia, Sergio Lopez-Garcia and Jose Manuel De Mena Ramos
140 Motor Development in Children from 12 to 46 months: influence of the variable " type of breastfeeding" Miguel Rebelo, João Serrano, Rui Paulo, Daniel Marinho and Pedro Duarte-Mendes	157 Comparison of physical fitness tests and special judo fitness test performance and classificatory tables development for Juvenile and cadet male athletes Luís Monteiro and Rui Veloso	113 Playfulness in Education: a systematic review Ana Lourenço and Beatriz Pereira	93 Voluntary sports clubs and participation of young refugees with uncertain perspective of staying – Access barriers and challenges Jacqueline Tuchel, Alexander Hodeck and Torsten Schlesinger	34 Olympism level of knowledge between different University Degrees in the Faculty of Education. Differences by gender and University Degree Jose Manuel De Mena Ramos, Sergio Lopez-Garcia, Antonio David Agraso-Lopez and Jose Enrique Moral-Garcia
150 Motor skills in childhood: From the Family Perceptions to the Practices of the Children Maria Isabel Dias De Carvalho Neves Condessa	47 Inequalities of female combat sports Cristina Rodríguez-Rodríguez and María Perrino-Peña	163 Physical Education in Primary School: From perceptions to practices Linda Saraiva, Vânia Cerqueira, Fernando Santos and César Sá	97 Perceived Motivational Climate and Goal Orientation in Soccer Athletes. A Longitudinal Perspective Marcio Domingues	40 Competence towards Physical Education inclusion: Self-perception of Galician future teachers of Primary School Education José Eugenio Rodríguez-Fernández, Rubén Navarro-Patón and Beatriz Oliveira-Pereira
154 Study of the relationship between global motor skills, fine motor skills and age Vivian Corte, Rui Paulo, Miguel Lucas, André Ramalho, Pedro Duarte-Mendes and João Serrano	165 The sports practice of karate in Portugal: sociological analysis of the identities, ideologies, communities and cultures of the Portuguese karateka's (brown and black belts) Vitor Rosa	6 Association of physical activity, self-concept and self-efficacy in high school students Guilherme da Silva Gasparotto, Gislane Cristina Vagetti, Beatriz Oliveira Pereira and Valdomiro de Oliveira	123 Evaluation of the quality of life of schoolchildren of the EJA in the Municipality of Itacoatiara, Amazonas Ezequias Serrão Pimenta, Rosana Albuquerque and Marcela Dantas Ximenes	56 Levels of insufficient health-related physical activity in Portuguese adolescents Henrique Costa and Helder Fernandes
29 Planning and assessment by teachers of Physical Education classes in elementary school Daniella Medeiros, Catarina Munhoz, Beatriz Munhoz, Bruna Merighi and Thiago Rogel		38 Physical activity index for Galician schoolchildren of primary school education according to age and gender Rubén Navarro-Patón, José Eugenio Roriguez-Fernández and Beatriz Oliveira-Pereira		51 Lipid profile and associated factors among an academic community of Higher Education Ana Sofia Tavares, Amadeu Ferro, Alexandra Ventura, Catarina Santos and Magda Caetano
		37 Cooperative games vs competitive games in Primary School Education. What effects do they have on schoolchildren motivation? Rubén Navarro-Patón, José Eugenio Roriguez-Fernández and Beatriz Oliveira-Pereira		95 Pre-season and in-season internal training load quantification of one-week schedules in under-17 European soccer team Rafael Franco Soares Oliveira, João Brito and Alexandre Martins
		45 Perception of primary school children about the playful and sport practice José Eugenio Rodríguez-Fernández, Rubén Navarro-Patón and Beatriz Oliveira-Pereira		178 Motivation and Anxiety assessment in the Portuguese Wheelchair Basketball National Team Rocha, J., Domingues, A., Domingues, H., Fernandes, I., Ribeiro, S., Silveira, P., Batista, M., Serrano, J., Petrica, J., Paulo, R., Mendes, P., Honório, S., Santos, J., Faustino, A.

Comunicações	Comunicações	Comunicações	Comunicações	Comunicações	Posters
22 Physical Exercise in Higher Education: knowledge, attitudes and practices Regina Alves	128 Which factors are related with coaches' perception of young soccer players competence: physical fitness, motor coordination or specific skill? Vitor Pires Lopes Pires Lopes, Álvaro Fortunato and Celina Gonçalves	25 Volleyball selection process: How do coaches select? Marcela Dantas Ximenes, Ana José Aguiar Rodrigues, Jefferson Jurema Silva and João Filipe Pereira Nunes Prudente	48 Evaluation of coordinated motor ability in handball players Marta Camacho-Cardenosa, Alba Camacho-Cardenosa and Javier Brazo-Sayavera	21 Physical performance tests and anthropometric data to predict selection in U19 rugby union players Luis Vaz, Marco Batista, Samuel Honório and Helder Fernandes	59 An aesthetic reflection in school sports: notes on the participation of the sportive delegation of campus Santo Ângelo in the student games of if Farroupilha (JEIF) Larissa Zanetii Theil, Marianne Faulstich Fernandes and Lilian Regiani Merini
36 Academic routine impact on physical activity level of university students: a longitudinal study Thiago Rogel, Giovanna Harder, Larissa Perondi, Daniella Medeiros, Débora Rocco and Beatriz Pereira	131 Differences of Imagery ability between youth soccer and swimming practitioners Pedro Duarte-Mendes, Daniel A. Marinho, João Serrano, Rui Paulo, António Faustino, André Ramalho and João Petrica	42 Terminal Actions At Brazilian's Volleyball League Luis Henrique Mercante Silva, Márcio José Kerkoski, Anderson Caetano Paulo and Alexander Hodeck	49 How assessment the flexibility in handball players? Results of a systematic review Marta Camacho-Cardenosa, Alba Camacho-Cardenosa and Javier Brazo-Sayavera	68 Physical conditioning of U16 national team players: mediator effect of previous sport experiences and strength and conditioning practices Jorge Arede, Pedro Esteves, António Paulo Ferreira and Nuno Leite	65 A comparison of physical fitness by competitive levels in youth basketball players. Pedro Forte, Luís Ferreira, Pedro Flores, Carlos Soares, Carlos Moreira and António M. Monteiro
135 Exploring relative age effect and maturity status on physical performance of school-age children Gabriel Vilas-Boas, Daniel Araújo, Jorge Arede, Pedro Esteves and Nuno Leite	130 Factors of training and thinking process of Football Coaches Gonçalo Carvalho and José Rodrigues	26 The importance of attitudes and values in sport and competition: the opinion of a group of coaches of Volleyball Marcela Dantas Ximenes, Ana José Aguiar Rodrigues, Jefferson Jurema Silva and João Filipe Pereira Nunes Prudente	84 The athlete's perception of parents behaviors in sport context- A study in youth handball players of the Madeira Handball Association Duarte Sousa, João Prudente, Ana Rodrigues and Américo Cardoso	134 Correlation between Pulmonary Function and Aerobic Capacity in middle-aged adults Dineia A. Lucas, Fernanda M. Silva, Rui Paulo, João Petrica, André Ramalho, João Rocha and Pedro Duarte-Mendes	69 Avaliação da eficácia de um programa sensório- motor no desenvolvimento de crianças em aulas de natação Cleonice Terezinha Fernandes, Jefferson Carvalho Neves, Maria Isabel Martins Mourão-Carvalho, Cilene Maria Lima Antunes Maciel, Carlos Barrigas and Alexandre Konig Garcia Prado
18 The effects of a mind-body program on the performance of high school children Cleonice Fernandes, Anderson Ribeiro, Cilene Maciel, Maria Isabel Mourão-Carvalho and Leonardo Giroto De Oliveira	24 Comparisons of external load variables between small-sided and real format games: an 8-week study in professional soccer training context Leandro Silva, Bruno Costa, Ricardo Lima, Miguel Camões, Pedro Bezerra and Filipe Manuel Clemente	31 Intra-week variations and associations between internal and external load measures in a elite volleyball team José Vásquez, João Ramos, Diana Silva, Filipe Manuel Clemente, Miguel Camões and Ricardo Franco Lima	85 Fair play : The perception of the young handball players on the parents' behavior Duarte Sousa, João Prudente, Ana Rodrigues and Américo Cardoso	20 Relationships between psychological skills and European U19 rugby union tournament outcomes and performance indicators Helder Fernandes, Marco Batista and Luis Vaz	92 Health education in patients with rheumatoid arthritis: a pilot education program Wendell Mattheus Amancio Da Silva, Lilian Regiani Merini, Larissa Theil, Patricia Wilkens Chaves, Jennifer Letícia Nery Gomes Ferreira, Elder Nascimento Pereira and Luciana Da Silva Brito
143 Association between leisure physical activity and food consumption among Brazilian university students Sandra Celina Fonseca, Michelle Ponte and Maria Isabel Carvalho	4 Internal and external training load associations in professional soccer players Filipe Manuel Clemente	80 The development of emotional self-emotion in volleyball project "AVP SOCIAL": Under19 athletes perspective Alessandra Weiss Ferraz de Oliveira, Márcio José Kerkoski, Wanderley Marchi Júnior, Ana Paula Cabral Bonin Maoski and Gilmar Francisco Afonso	132 Comparison of Physical Fitness between Young and Middle-Aged Adults Dineia A. Lucas, Fernanda M. Silva, André Ramalho, Rui Paulo, João Serrano, Paulo Silveira and Pedro Duarte-Mendes		103 A identidade curricular da Educação Física: um novo caminhar Elisiane Medianeira Moro Tolo, Cleonice Fernandes, Cilene Maria Lima Antunes Maciel and Dartagnan Pinto Guedes
177 Cooperative games with children – communitarianism and citizenship, mantém-se como está António Camilo Cunha, Christine Vargas Lima		77 Jumping in the Brazilian Women's Volleyball "B" Super-league Marcio José Kerkoski, Luis Henrique Mercante Da Silva and Alexander Hodeck			173 Pilates for Elderly Women – An improvement in Functional Mobility and Balance SAMUEL HONÓRIO, MARCO BATISTA, JOÃO ROCHA, JOÃO PETRICA, JORGE SANTOS, HELENA MESQUITA, JOÃO SERRANO, DÉBORA SOUSA and RAQUEL SILVA
					174 Physical activity and subjective well-being in Health Sciences first-year students SAMUEL HONÓRIO, MARCO BATISTA, and MARIA-RAQUEL G. SILVA
					43 Effects of a training program in post-menopausal women Alvaro De Pano Rodríguez, Vicenç Hernández-González, Teresa Fonseca and Joaquin Reverter-Masia
					179 Physical Capacities assessment in the Portuguese Wheelchair Basketball National Team Rocha, J., Domingues, A., Domingues, H., Fernandes, I., Ribeiro, S., Silveira, P., Batista, M., Serrano, J., Petrica, J., Paulo, R., Mendes, P., Honório, S., Santos, J., Faustino, A.

Sala 2 Comunicações	Sala 3 Comunicações	Sala 4 Comunicações	Sala 5 Comunicações	Sala Experiências Pedagógicas Comunicações
91 Loopboard: device for acrobatics training in sliz sports Kiko León-Guzmán, José Martín Gamonales-Puerto, Carlos David Gómez-Carmona and Jesús Muñoz-Jiménez	73 Effect of previous ankle sprain in stride variables during basketball-specific drill: insights about maturity offset Jorge Arede, Pedro Forte, Kathrin Refheld, Danguole Satkunskiene and Nuno Leite	3 Muscle soreness and fatigue and their associations with internal and external load measures in professional soccer players Filipe Manuel Clemente	156 Effects of a senior exercise program on functional capacity in institutionalized elderly in the municipality of Mação Jorge Santos, Marcelo Mendes, João Petrica, João Serrano and Paulo Silveira	10 Relationship of the Intrinsic Motivation towards sport, with variables related to a Healthy Lifestyle. Marta Leyton Román, Marco Alexandre Silva Batista and Ruth Jiménez Castuera
149 Qualidade de vida de estudantes de Enfermagem: Relação com o nível de Atividade Física Marinela Pinto and Amâncio Carvalho	83 Monitoring workload in women's basketball based on player tracking device María Reina, Javier García-Rubio, Antonio Antúnez, Luis Córdoba and Sergio J. Ibáñez	127 Differences on body composition and biochemical parameters between practitioners and non-practitioners of soccer Eliane Aparecida Castro, Sílvia A. Hallak, Lígia R. Moscardini and Daniel dos Santos	160 Physical Fitness and Cognitive Development in Elderly with Different Practice Levels of Physical Activity Rui Paulo, Daniela Baião, Pedro Duarte-Mendes, Antonio Faustino, Jorge Santos, Samuel Honório and Marco Batista	81 Self-determined motivation and subjective well-being in Portuguese veteran athletes in different sports Marco Batista, Marta Leyton, João Serrano, João Petrica, Samuel Honório, João Rocha, Jorge Santos, Paulo Silveira and Ruth Jimenez
46 Socio-demographic characteristics of nursing students and the prevalence of physical activity Carla Nunes, Cláudia Chaves and João Duarte	89 Comparative analysis of interlimb asymmetry in a RSA test in basketball players. David Mancha-Triguero, David García-Santos, Carlos D. Gómez-Carmona, Javier García-Rubio and Sergio J. Ibáñez	66 Present and future of the soccer specialists performance Joaquín Reverter-Masía, Alvaro De Pano Rodríguez, Vicenç Hernández-González and Jose Gregorio Bollado-Esteban	118 Changing elderlies strenght levels with a four months multicomponent training program. Madalena Pássaro, Pedro Forte and António M. Monteiro	175 Validation of the Intentionality Scale of being physically active in a Portuguese population. Ruth Jiménez, Marta Leyton and Marco Batista
159 Effects of a multimodal exercise program plus brain games' app in psychomotor variables in nursing home residents Soraia Ferreira, Nilton Leite, Giselle Soares, Armando Raimundo and José Marmeleira	125 Is performance in basketball referees affected by gender? David García Santos, María Reina and Sergio González Espinosa	106 Case study of the programs for teaching soccer of two teachers in training versus the Tactical Game Approach model. María De Gracia Gamero Portillo, Juan Manuel García Ceberino, Sebastián Feu Molina, Antonio Antúnez Medina and Luis Gonzalo Córdoba Caro	124 Health and ageing consciousness Raquel Becerril González and Nicolás Julio Bores Calle	86 The Importance of Imagery in Acquiring and Improving Motor Skills and Sports Technique João Petrica, Pedro Duarte-Mendes and Daniel Marinho
2 Leisure, Education and Work: Reflections on improving people's quality of life Aguinaldo Surdi and George Gadêlha	88 Pre-service physical education teachers tasks load vs. Tactical Game Approach tasks load: A case study Juan M. García-Ceberino, María G. Gamero, Sergio González-Espinosa, Antonio Antúnez and Sebastián Feu	104 The effect of combining general warm-up with specific warm-up in bench press performance Pedro Neves, Ana Alves, Daniel Marinho, Ricardo Ferraz, Maria Helena Gil, Luís Fail, António Sousa, Mário Marques and Henrique Neiva	8 Physical activity level and perceptions about exercise in patients with Osteoporosis Dulce Esteves, Paulo Pinheiro, Rui Brás, Ricardo Rodrigues, Ana Gouveia, Kelly O'Hara and Paulo Duarte	147 Motor Imagery and Music: a function of arousal? Fernando Castellar and Pedro Duarte-Mendes
58 Watching OverWeight. Monitoring in child health consultations Paulo Fernandes, Inês Silva and Beatriz Pereira	120 Effects of a multicomponent exercise program with duration of 12 weeks on the quality of life in breast cancer survivors Pedro Pinto, Forte Pedro and António M. Monteiro	71 Water aerobics: the use of wearables Luís Fail, Henrique Neiva, Mª Helena Gil, António Sousa, Pedro Neves and Daniel Marinho	90 Analysis of the action of penalty and double-penalty in football for blind people José Martín Gamonales-Puerto, Kiko León-Guzmán, David Mancha-Triguero and Jesús Muñoz-Jiménez	144 Motor Imagery and Music: The influence of Music on Mental Rotation of bodily-related pictures Fernando Castellar and Pedro Duarte-Mendes
				44 "Destroying stereotypes, building on equality": Didactic intervention with Master in Teaching of Physical Education students' María Perrino-Peña and Alba González-Palomares
